

TauraEdge™

**THE SAFEST ROLLER DOOR TRACK AVAILABLE
IN AUSTRALIA.**

*With its rolled edge
feature running the length
of the track it is so safe its
almost impossible to cut
yourself on it.*

TauraEdge™ Roller Door Track is the first of its type in Australia.

With an innovative approach, the newly designed roller door tracks provide a new look and a total improvement.

Stronger and more rigid than standard roller door tracks, TauraEdge™ Roller Door Track is all about safety, design and efficiency.

With a rolled over design replacing the standard edge, the sides are completely encased. Simple but effective.
