

WE'RE ALL ABOUT THE RANGE

Fingersafe® Sectional Door Range

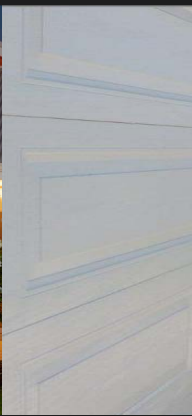

Centurion Garage Doors is an Australian owned family business that has specialised in the manufacture of Garage Doors since 1976. With manufacturing operators in Western Australia and Queensland, Centurion custom makes all doors to fit precisely to each garage opening. Centurion only uses genuine Colorbond® steel to ensure you get a look that lasts. Centurion's Sectional Overhead Doors feature innovative Fingersafe® design and Centurion's exclusive Nylon Polymer Hinge designed to ensure a safer, quieter, low-maintenance door.

WE'RE ALL ABOUT OPTIONS

ULTIMATE ACCESS PACK

Includes:

- ✓ Avanti D.P.S Opener
- ✓ Digital Wireless Keypad

ULTIMATE SAFETY PACK

Includes:

- ✓ Avanti D.P.S Opener
- ✓ Digital Wireless Keypad
- ✓ Obstacle Detection System

Avanti Dual Power Supply (D.P.S)

Why Would You Choose A Battery Back Up Opener?

- ✓ Never get caught outside again. The Avanti DPS still operates when the power is out.
- ✓ Yes, the Avanti has a manual release, but how tall is your garage ceiling? Are you tall enough to reach it?
- ✓ Do you really want to lift your garage door manually?

Digital Wireless Keypad

Why Consider A Digital Wireless Keypad?

- ✓ Avoid kids losing expensive Hand Transmitters. Simply enter your pin code for access.
- ✓ Easy access for friends and family looking after your garden and pets when you are away.
- ✓ No need to carry a Hand Transmitter if you are out for a walk.
- ✓ Do you have an internal access door from your garage?

Obstacle Detection System (O.D.S)

What Are The Benefits Of An O.D.S?

- ✓ Yes, the Avanti Opener has built in auto reverse, however it must hit an object before it responds.
- ✓ O.D.S is the best way to protect your vehicle and family.
- ✓ On average your door will operate at least 1500 times each year. That's 1500 opportunities to close on an object.

Extra Hand Transmitters

- ✓ Extra Hand Transmitters are available in Blue or Red and can operate up to 4 Openers.
- ✓ Your Avanti comes standard with two Hand Transmitters and a Wall Switch.
